

FRANKLIN COUNTY SHERIFF  
**Dallas Baldwin**

Working hand in hand with trained public safety agencies, **Project Lifesaver International (PLI)** will help you save time, money and most importantly, your loved ones.

**"Serving Our Community."**  
<http://sheriff.franklincountyohio.gov>  
(Rev. 1-2017)

Citizens enrolled in Project Lifesaver wear a small personal transmitter around the wrist or ankle that emits an individualized tracking signal.

If an enrolled client goes missing, the caregiver notifies their local Project Lifesaver agency, and a trained emergency team responds to the wanderer's area.

Most who wander are found within a few miles from home, and search times have been reduced from hours and days to minutes.

Recovery times for PLI clients average 30 minutes — 95% less time than standard operations.

## Our Mission

*The primary mission of Project Lifesaver is to provide timely response to save lives and reduce potential injury for adults and children who wander due to Alzheimer's, autism, and other related conditions or disorders.*

*Deputy Casper placing a transmitter on first Project Life Saver client in Franklin County.*

### PROJECT LIFESAVER CRITERIA

- Must have a qualifying condition which leaves client with a propensity to wander and become lost (i.e. Alzheimer's, Autism, Down Syndrome etc.)
- Must be under 24-hour care.
- Must conduct daily battery checks.
- Must agree to notify FCSO immediately upon realizing the client is missing and prior to looking for him or her.
- All other qualifiers will be discussed during interview/setup.
