Sheriff Dallas Baldwin

Sheriff Dallas Baldwin is a retired Lieutenant with the Columbus Division of Police after serving for 31 years; both on the force, and as a reserve officer. As a patrol officer, Sheriff Baldwin worked throughout the city of Columbus - with particular focus on the Ohio State University campus area, west side, and the short east. He also served as a detective on the Robbery Squad, and as a member of the SWAT team.

In 1990, he was promoted to the rank of Sergeant, working patrol, SWAT, and the Narcotics Unit. In 1995, Sheriff Baldwin was promoted to Lieutenant, and assigned to the west side. In addition, he worked with the Strategic Response Bureau and served on the Ethics Board.

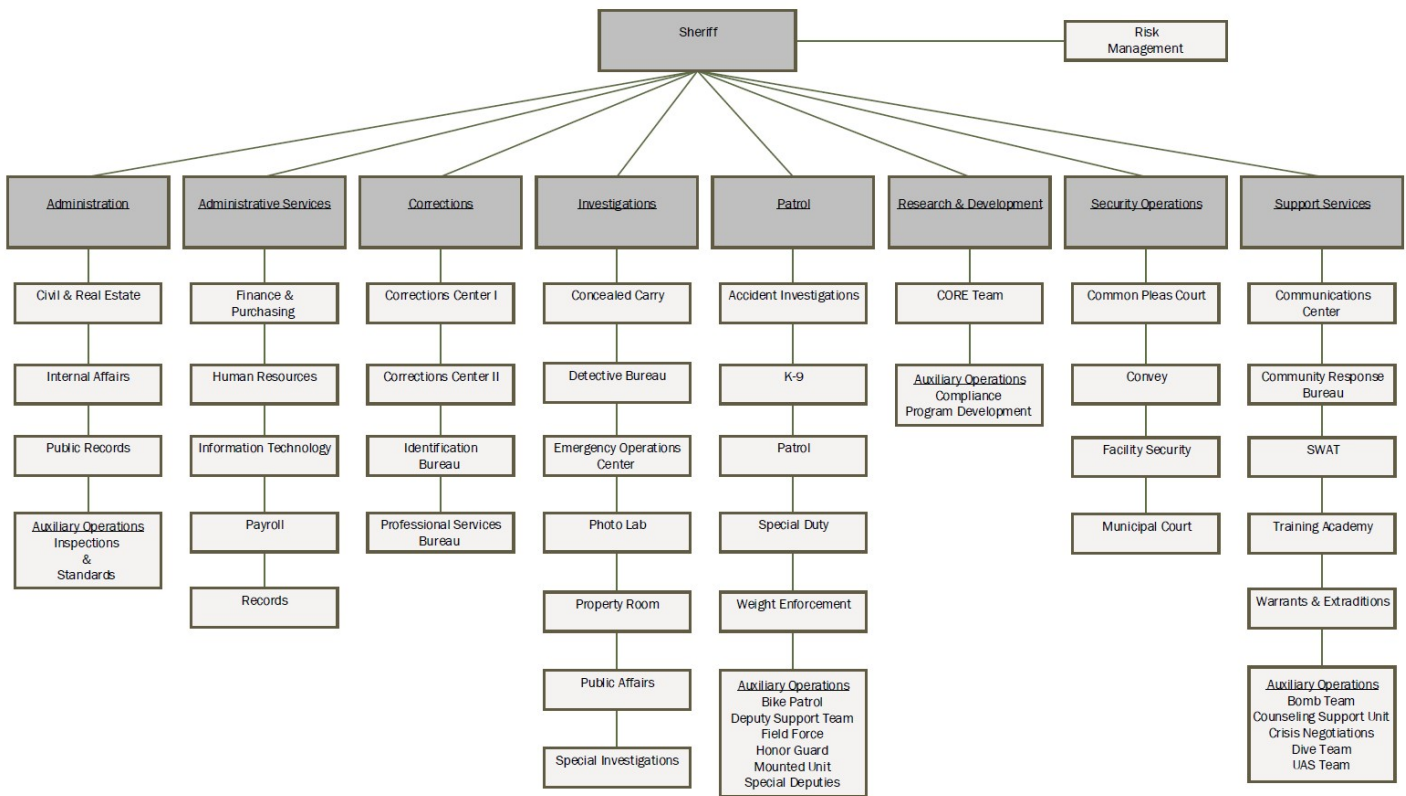

Sheriff Baldwin and his wife Barb have been married for over 40 years, after meeting in high school. They have a son who is currently serving in the Columbus Division of Police.

Mission Statement

The Franklin County Sheriff's Office, Columbus, Ohio, is a full service law enforcement agency, an arm of the courts, and the custodial keeper of those who break the law. It is the mission of the Franklin County Sheriff's Office to protect the lives and property of the citizens of Franklin County, to preserve the peace, and to prevent crime and disorder while constantly guarding personal liberties as prescribed by law. This must be done with honor and integrity, conducting ourselves with the highest ethical standards to maintain public confidence.

Information Technology

The Information Technology (IT) Department provides extensive project management services, technology leadership, and consulting to the Franklin County Sheriff's Office as well as many other law enforcement agencies in the central Ohio region. Shanon Crowther serves as the Information Technology Director.

The primary activities of the IT Department include the research, procurement, installation, and maintenance on all computer workstations, servers, physical and virtual technological infrastructures including network based database designs, and specialized vendor systems within the Franklin County Sheriff's Office. This includes more than 800 computers, 100 printers, 80 Mobile Data Terminals (MDT), and various forms of mobile communication equipment. The IT Department provides emergency support for Sheriff's Office applications year-round, 24 hours a day.

The IT Department collaborates with law enforcement and criminal justice partners throughout the county to develop technology solutions that will assist them in investigating and solving cases, while preventing crime. The IT Department advances public safety communications by providing support for the Sheriff's Office E911/Communications center.

Division: Administrative Services

Records

The Records Department is responsible for warrants, missing persons, offense reports and accidents reports.

Records Department personnel enter stolen property, stolen vehicles and warrants into the National Crime Information computer. They also perform computer and file searches for wanted suspects when requested by deputies and other law enforcement agencies. Personnel assigned consist of a Records Manager, Assistant Records Manager and 17 Records Technicians.

Finance and Purchasing

The Franklin County Sheriff's Finance Department oversees all financial and purchasing matters of the Sheriff's Office. It directs the annual performance-based program budgets for the office, which includes monitoring expenditures and performance measures, producing financial reports and projections, conducting financial analysis, and implementing fiscal control policies and procedures. This department represents the Sheriff by presenting budget, fiscal, and contract requests before the Board of County Commissioners for approval.

The Finance Department also develops and administers contracts for police and dispatching services. Finance staff is responsible for managing all grants received by the Sheriff's Office including submitting applications and financial reports. Other duties of the department include writing competitive bid documents for products and services utilized by the office. Finance staff also has the responsibility for ordering, receiving, storing and distributing office supplies for the Sheriff's Office, as well as food, housekeeping, and laundry supplies for the correctional facilities.

Each year, the Finance Department participates in the preparation of two budget documents. The first is a tax budget required under ORC 5705.28 and is used as the basis for the annual operating budget for the following year. The second, and more important, document is the annual operating budget, which outlines how the Sheriff's Office expects to expend its appropriated funds, and what revenues are anticipated to be collected in the coming year. This budget includes requests for additional personnel as well as new and replacement capital equipment (i.e. vehicles, computers, etc.), which are justified through performance measures. A baseline budget is also developed for personal services, benefits, along with materials and services. Following the approval of the budget by the Board of County Commissioners, the Sheriff's Finance Department begins the process of securing purchase orders, developing competitive bid documents, and vouchering invoices for payment of supplies and services.

In 2003, Franklin County embarked upon a "Managing for Results" budget initiative, which directly links human, capital, and financial resources to achieve strategic results. Consequently, the Sheriff's Office develops a strategic business plan and performance measures for each of its program budgets.

Special Investigations Unit

The Special Investigation Unit (SIU) is responsible for the covert investigation of narcotics, Internet Crimes against Children, vice offenses and the collection, analysis and dissemination of criminal intelligence. They are also used in any investigation which requires the use of an undercover officers. The expertise of those assigned within the unit when dealing with certain crimes.

Internet Crimes against Children (ICAC) Task Force

The goal of the Franklin County Internet Crimes against Children Task Force is to aggressively investigate cases involving the on-line exploitation of children and child pornography.

H.O.P.E. Task Force

Heroin Overdose Prevention & Education (HOPE) Task Force

The HOPE Task Force combats the heroin epidemic with a multi-pronged approach: enforcement, education, and prevention. We know that fighting addiction and death from drug overdose is a community problem and requires a community solution.

Established in 2016, the Heroin Overdose Prevention & Education Task Force was created as a restructuring of the Franklin County Drug Task Force. Experienced narcotics and homicide detectives working on the HOPE Task Force are treating opiate overdose scenes as crime scenes; investigating the source of the supply that caused the overdose.

In addition, HOPE Task Force collaborates with treatment providers to refer those with substance use disorders to long term treatment. Detectives are armed with the knowledge and partnership of treatment providers in the Franklin County community to help addicts instead of locking them up.

Prevention and education is key to our long term plan and HOPE works closely with the already established and nationally recognized Operation Street Smart to provide awareness of the growing problem.

Canine Unit

The Franklin County Sheriff's Office Canine Unit is a part of the Patrol Bureau. Responsibilities include tracking of criminal suspects and lost persons, evidence recovery, bomb detection, drug detection, and general patrol duties. The Canine Unit is one of the few available in central Ohio and their use is often requested by other agencies.

The unit also goes to schools, fairs, and other public events to demonstrate the important work they do, as well as showing the public how well they are trained in getting the bad guys – while also showing how friendly and loving they are with the good guys.

All of the canines in this unit are trained in general police work, along with a specialize focus.

Chief Deputy Geoffrey Stobart

The Research and Development team is under the direction of Chief Deputy Geoffrey Stobart.

In 2009, the Franklin County Criminal Justice Planning Board, the Franklin County Board of Commissioners and the Franklin County Sheriff's Office all took a holistic look at the criminal justice system in Franklin County. Their review of the criminal justice system led to a Detention Operations Master Plan being commissioned and completed. As part of the recommendations that emerged from this plan, the need for more modern facilities and operational policies were highlighted.

In 2011 a staffing study was jointly commissioned by Board of Commissioners and Sheriff's Office. The study, which came out in 2012, again identified the need for new facilities and philosophies, as it reported on the staffing inefficiencies created by the Corrections Bureau's physical buildings which, in turn, were driving the overall operational philosophy.

The Correctional Operations Reorganizing for Excellence (C.O.R.E.) team came together in July of 2014, with a mission to build a constitutionally based, environmentally responsible, modern facility serving the citizens of Franklin County, and be recognized as a model in construction, policy & operations, leading our profession into the future. In seeking out the best practices for designing, programming and operating a modern correctional facility, the C.O.R.E. team consulted with more than 25 Sheriff's Offices and law enforcement agencies from around the state and country.

The Franklin County Commissioners and Sheriff's Office held a ground breaking for the new Franklin County Corrections Center, located at 2551 Fisher Road, on November 6, 2017. Check back for status updates of this project and information about the ideas & thought processes that went into designing the new facility.

Communications

The Franklin County Sheriff's Office Communications Center, also known as "Franklin County 911", operates 24 hours a day, seven days a week and is responsible for answering emergency and non-emergency calls for the citizens of Franklin County, Ohio. The Communications Center dispatches Deputy Sheriffs for the unincorporated areas of Franklin County as well as dispatching Police for the municipalities of Obetz, Groveport, Minerva Park, Harrisburg and the following township Police Departments: Franklin, Madison, Blendon, Clinton, Sharon, Perry, Valleyview and Mifflin.

The citizens of Franklin County are provided quick access to emergency services by a team of qualified Communications Technicians and Supervisors. The Franklin County Communications Center is committed to providing outstanding service to the diverse population that we serve, which is why we employ the services of the Language Line, which gives us immediate access within seconds to quality interpreters helping us to communicate with limited English callers.

The Communications Center strives to maintain the latest technology in order to carry out Franklin County's commitment to service, including Enhanced 911 and automatic Telecommunications Device for the Deaf (TDD) Services, so that hearing impaired can communicate with 911 personnel.

Community Intervention and Diversion (CID)

In support of the Stepping Up Initiative (a national initiative to reduce the number of people with mental illnesses in jails) the Franklin County Sheriff's Office has created the Community Intervention and Diversion (CID). The mission of CID is to coordinate the response of law enforcement and the behavioral health system as well as to assist individuals experiencing crisis resulting from known or suspected mental illness and/or drug and alcohol addiction. The goal is to divert persons from the criminal justice system whenever possible and connect them with appropriate mental health/substance abuse services.

CID currently consists of one sergeant, four deputies and two Netcare clinicians. All deputies within the unit are Crisis Intervention Training (CIT) certified. CIT is a police-based pre-arrest jail diversion program. The program is designed to create a seamless link between law enforcement and emergency mental health services. CIT officers receive approximately 40 hours of training in areas including psychiatric disorders, substance abuse issues, de-escalation techniques, and in legal issues related to mental health and substance abuse.

Community Relations

Strong relationships of mutual trust between the Franklin County Sheriff's Office and the communities we serve are critical to maintaining public safety and effective policing. The FCSO relies on the cooperation of community members to provide information about crime in their neighborhoods and to work with us to devise solutions to address crime and quality of life issues.

In order to achieve this goal we have a dedicated Community Relations unit comprised of eleven deputies and two supervisors who are in the community daily creating and maintaining relationships to aid in making Franklin County a great place to live, work and raise a family. This is accomplished through the many programs and classes we present which include:

- Project Lifesaver
- CRASE- Civilian Response to Active Shooter Events
- RAD- Rape Aggression Defense System
- VIPSS- Volunteers in Public Safety Support
- Citizens Academy
- Operation Street Smart- Youth Education
- Operation Street Smart- Gang Education

Community Outreach and Engagement

The Community Outreach and Engagement Unit, comprised of 4 civilians focuses on building and maintaining relationships with diverse communities in Franklin County. Through outreach and engagement initiatives the unit insures joint problem solving, innovation, enhanced understanding, and accountability between communities and the FCSO.

Our mission is to build and enhance relationships between residents and the FCSO through educational forums, events, meetings, community functions, recruitment and electronic media.

Realizing that Franklin County has the 2nd largest Somali population in the Country and a growing Hispanic population the unit has a Hispanic and a Somali outreach coordinator. The coordinators are dedicated to each community linking resources while bring awareness of FCSO programs and initiatives.

Fugitive Squad

The Warrants and Extraditions Unit of the Franklin County Sheriff's Office is responsible for arresting suspects wanted on outstanding felony and misdemeanor warrants. The warrants are issued through the Franklin County Common Pleas Court, the Municipal Clerk of Courts and the Victim Witness Assistance Unit. Additionally, the Warrants and Extraditions Unit handles warrant requests from law enforcement agencies nationwide.

The deputies assigned to this unit extradite prisoners from all over the United States and safely return them to Franklin County to ensure justice is served to those who commit crimes in Franklin County. The deputies are also responsible for assisting in Extradition Court Hearings for those who have been arrested locally and have outstanding fugitive warrants.

The Warrants and Extraditions Unit is dedicated to collaborating with the Violence Against Women Act (VAWA) and several other agencies - both government and non-profit organizations - to promote a seamless and cohesive response to victims of violent crimes, as well as provide services to victims of domestic violence, sexual assault, and stalking.

The Warrants and Extraditions Unit also works closely with the Franklin County Probate Court and NetCare Access. The deputies serve probate warrants; locating the probated person and transporting the probated person to NetCare Access or a local hospital for mental health and medical evaluations. They also transport the probated person from hospitals and mental health facilities to Twin Valley Behavior Healthcare Hospital (TVBH) for Probate Court hearings and safely return them to the facility in which they are being housed.

Personnel assigned to the Warrants and Extradition Unit currently consist of one Lieutenant, one Sergeant, seven full-time deputies, and one full-time secretary. Additionally, two full-time deputies and one part-time secretary handle the Child Support Enforcement Unit.

Dive Team

The Franklin County Sheriff's Office Dive Rescue Team was formed in September of 1993 under the leadership of Sheriff Jim Karnes.

Objective

To provide the Sheriff with an organized and experienced group of Deputies trained as Public Safety Divers.

Mission

To respond with trained personnel and specialized equipment to the scene of a water related incident for the purpose of saving human life, provide underwater recovery of drowning victims or accident victims in the water, and to provide assistance to the Detective Bureau in the recovery of property to be processed as evidence in a criminal investigation. In addition the Team is available to assist outside agencies upon request.

Training

All members are Deputy Sheriffs who are certified scuba divers and have received additional hours of underwater search and recovery training and other specialized training. Members train twice a month in various bodies of water in and out of Franklin County. Divers become accustomed to diving in "minimal to zero visibility" water with underwater hazards and unusual bottom terrain. Safety is constantly stressed and practiced.

Equipment

The Dive Rescue Team is a federally typed Type I Public Safety Dive Team and is equipped with an expansive assortment of equipment. This equipment includes a Freightliner M2 equipment truck, a Dodge 2500 pick-up truck, a Rescue One Connector Boat, a Zodiac Grand Raid Mark III, a flat bottom john boat, and an equipment trailer. Other equipment includes Kirby Morgan KM37 dive helmets, a portable breathing air compressor, generators, heaters, side scan sonar, an underwater Remote Operated Vehicle (ROV), and underwater metal detectors. Each diver is individually issued a complete set of SCUBA gear including protective suits, fins, full face mask and air tanks.

Negotiators

The Franklin County Sheriff's Office Hostage Negotiation Team operates under the authority of the Franklin County Sheriff and is under the direction of the Chief Deputy of Support Services. The Hostage Negotiation Team is available to all law enforcement agencies within Franklin County and has also responded to the adjacent counties as well. The Hostage Negotiation Team responds to various crisis and critical situations and works together with SWAT. The Hostage Negotiation Team is actually comprised of two separate teams with each team consisting of 6 negotiators and a team leader.

Hostage Negotiation has been described as being one of law enforcement's most effective tools. Each team member has a specific role and each role is interdependent upon another. Each negotiator must be compassionate, maintain superb interpersonal skills, be able to function in a cohesive group, and deal well with stressful situations.

Bomb Squad

The bomb squad mission is to respond to all explosive or incendiary incidents including exploded bombs, unexploded bombs, suspicious packages or recovered explosives found within the jurisdiction of the Franklin County Sheriff's Office. The squad also provides bomb squad support to a variety of State and Federal agencies, including Dignitary Protection details. In addition to the operational activities, the squad provides training to various law enforcement agencies within the Central Ohio area on the topics of bomb scene safety and bomb searching and explosive identification. The bomb squad also conducts public talks to civic groups and private industry on the same topics. The bomb squad is a fully equipped and Nationally Certified bomb squad. Equipment includes protective suits, X-ray equipment, package disrupters, and a remote control robot.

The Sheriff's Office Bomb Squad is comprised of 1 Sergeant, and 5 Deputies of which all are Certified Bomb Technicians. In addition, there are 3 Deputies who are Canine Handlers accompanied with Certified "Bomb Sniffing" Canines.
