Jack R. Ellwanger  
Deputy Sheriff

On Wednesday, June 15, 1960, Deputy Jack R. Ellwanger was killed instantly by a motorist while directing traffic at the scene of an accident on Sunbury Road. The motorist, according to Sgt. Harry Lewis, was traveling south and continued on after striking the officer. Deputies said that the youth returned to the scene after a girlfriend, who was with him, told him that he had hit a man. Gahanna police arrested him as he returned to the scene. He was slated at the county jail as Robert Maynard and held for investigation.

*"We're a family, a fraternity. We're a profession that turns out for each other in times of sorrow." -Sheriff Jim Karnes*

Sharon Moore  
Lieutenant

Joseph Moore  
Deputy Sheriff

In the morning hours of April 11, 1983, Lt. Sharon Moore and her husband, Deputy Joseph Moore, were enroute to their work location. A trailing vehicle operated by Sharon's ex-husband, William Bryant, fired upon their vehicle. A rolling gun battle continued through the eastern part of Reynoldsburg. Lt. Sharon Moore was struck in the head and Deputy Joseph Moore was struck in the chest as he exited their vehicle. Joe died en route to the hospital and Sharon succumbed to her injuries on May 5, 1983. William Bryant died at the scene as a result of a self-inflicted gunshot wound.

# In Memory

Ronald L. Coen  
Deputy Sheriff

On Thursday, January 27, 1994, just two days prior to his 25<sup>th</sup> birthday, Deputy Ronald L. Coen was responding to assist as back up on a complaint. As he was traveling southbound on Stelzer Road, his cruiser hydroplaned on a flooded area created by recent rains. His vehicle slid off the roadway and struck a utility pole. Deputy Coen was pinned in the cruiser, after being removed he was transported to Grant Hospital where he later died as a result of his injuries.

*“It’s one of those things. It’s difficult when you lose an officer, especially when you’re there.” -Sheriff Jim Karnes*

Jeffrey A. Wehr  
Deputy Sheriff

On Tuesday, January 20, 2000, Deputy Jeffrey Allen Wehr was assigned to oversee the kitchen at the county jail on Front Street. Around 5:30 p.m., Deputy Wehr did not respond to repeated called on his radio, and a search began. After hearing the radio through a locked restroom door in the kitchen area, Sheriff Karnes ordered officers to force the door open. Deputies performed CPR on Deputy Wehr until Columbus Fire Medics arrived. Their efforts were to no avail, and Deputy Wehr was pronounced DOA as a result of medical reasons.

On August 5, 2007 Special Deputy Bollinger was killed in a single-car automobile accident as he and another deputy returned from an assignment. While driving in the rain and under slick roads conditions, Deputy Greg Thomas lost control of the department vehicle and hit a utility pole. Both men were transported to a local hospital where Deputy Bollinger was pronounced dead. Deputy Thomas was treated for non-life-threatening injuries.

On September 6, 2008 Detective Martin was killed in a single-car automobile accident as he and another deputy worked on an undercover operation. The SUV in which Detective Martin was a passenger struck a culvert and overturned due to heavy rain conditions. Detective Martin was transported to the hospital where he succumbed to his injuries. Detective Martin's partner sustained minor injuries.

# Patrol Bureau

The Franklin County Sheriff's Office Patrol Bureau is responsible for patrolling Franklin County and enforcing the criminal and traffic laws of the State of Ohio. Patrol deputies answer calls for services and complete written reports on crimes. In many cases they conduct the preliminary investigation on criminal activity. Patrol deputies respond to traffic accidents rendering aid to the injured, when necessary, as well as investigating the causative factors and conditions surrounding the accident. Patrol deputies also perform many support services to the other bureaus of the Sheriff's Office, such as executing arrest, probate and search warrants.

# Finance

The Franklin County Sheriff's Finance Department oversees all financial and purchasing matters of the Sheriff's Office. It directs the annual performance-based program budgets for the office, which includes monitoring expenditures and performance measures, producing financial reports and projections, conducting financial analysis, and implementing fiscal control policies and procedures. This department represents the Sheriff by presenting budget, fiscal, and contract requests before the Board of County Commissioners for approval. The number of budget organizations of the Sheriff's Office has increased from 20 in 2001 to 40 in 2011. The dollar value of accounts payable has risen from \$11,229,648.19 paid in 2001 to \$15,330,999.29 in 2011. Finally, in 2011 the Sheriff's Office had total expenditures of \$92,844,238.55 within the general fund and \$98,585,867.72 from all funds (general and non-general) while bringing in revenues of \$11,596,028.84 to the general fund and \$16,685,522.67 for all funds.

# Finance

The Finance Department also develops and administers contracts for police and dispatching services. Finance staff is responsible for managing all grants received by the Sheriff's Office including submitting applications and financial reports. Other duties of the department include writing competitive bid documents for products and services utilized by the office. Finance staff also has the responsibility for ordering, receiving, storing and distributing office supplies for the Sheriff's Office, as well as food, housekeeping, and laundry supplies for the correctional facilities.

Each year, the finance staff participates in the preparation of two budget documents. The first is a tax budget required under ORC 5705.28 and is used as the basis for the annual operating budget for the following year. The second, and more important, document is the annual operating budget, which outlines how the Sheriff's Office expects to expend its appropriated funds, and what revenues are anticipated to be collected in the coming year. This budget includes requests for additional personnel as well as new and replacement capital equipment (i.e. vehicles, computers, etc.), which are justified through performance measures. A baseline budget is also developed for personal services, benefits, along with materials and services. Following the approval of the budget by the Board of County Commissioners, the Sheriff's Finance Department begins the process of securing purchase orders, developing competitive bid documents, and vouchering invoices for payment of supplies and services.

In 2003, Franklin County embarked upon a "Managing for Results" budget initiative, which directly links human, capital, and financial resources to achieve strategic results. This performance-based budgeting process is in stark contrast to the former budget process, which only focused on incremental costs to the prior year's budget. The focus has now shifted to each program's performance measures and total expenditures. Consequently, the Sheriff's Office develops a strategic business plan, outlining demand, output, results, and efficiencies, for each of its program budgets.

The FY 2011 budget supported 11 programs contained in 4 lines of business. Through this structure of programs, 845 Full Time and 6 Part Time Sheriff's Office employees delivered numerous services to the citizens of Franklin County. Two (2) Full Time employees and two (2) Seasonal employees were funded by the American Recovery and Reinvestment Act Grant during FY2011.

# Information Technology

The Franklin County Sheriff's **Information Technology Bureau** is responsible for maintaining the IBM AS/400 computer and its peripherals utilized by the correction facilities. Personnel are also responsible for the over 300 desktop computers and 60 printers used by the various bureaus in the Sheriff's Office. Information Technology personnel train and advise office personnel in the operation of their computers and sometimes perform minor repairs on the devices. The Information Technology Bureau design and maintain various databases used by several bureaus and unit within the Sheriff's Office. Personnel also design and produce various forms and documents by means of computer desktop publishing equipment.

Currently, the Sheriff's IT staff consists of 2 Data Security Specialists who are responsible for everyday desktop support, PC installations, and other help desk related issues. There is also 1 Systems Analyst who is responsible for designing, planning, and implementing new systems, as well as troubleshooting more difficult computer issues that arise, and is responsible for the Sheriff's CAD/RMS system implementation. In addition, there is 1 Programmer Analyst who is responsible for maintaining and developing custom databases and applications for the Sheriff's Office. Finally, there is an IT Director responsible for overseeing the entire IT Bureau. The staff members are on call 24 hours/day, 7 days/week, on a rotating basis.

The IT Bureau is currently involved with many large projects. These projects will all increase the efficiency of the Sheriff's Office and will reduce paper trails. These large projects include:

- Franklin County Justice Portal – this system will allow for electronic records to be efficiently saved and then easily accessed for statistical reporting, including incident reports, accident reports, and others.
- Field Based Reporting – this will allow for reports to be taken and then transmitted electronically from the field reducing the inefficient paper trails that are used today.
- National Incident Based Reporting System (NIBRS) Repository – this is a project that will make the Sheriff's Office the central repository for NIBRS data from all agencies within Franklin County.

# Training

Major Michael Flynn

**The Training Academy** is responsible for the formal and in-service training of Deputies. On occasion, outside law enforcement agencies send their personnel to the academy for certain courses. The staff consist of one Major, one Lieutenant, one Sergeant, five Deputies and two Administrative Assistants. Deputy instructors are certified through the State of Ohio Peace Officers Training Council. Several deputies from the Franklin County Sheriff's Office are experts in certain law enforcement specialties, such as narcotics enforcement, explosives, firearms, dog fighting and the use of canines. They are used by the Ohio Peace Officer's Training Academy to instruct police officers from all over the State of Ohio. There are also fifty-two (52) deputies of various ranks who are certified instructors. They are assigned to the various bureaus of the office and are used, as needed, by the academy. The Sheriff's Training Academy is split into two separate bureaus, criminal and corrections. The Criminal Training Unit operates at the new training facility on Young Road in Grove City. This facility houses the Sheriff's new firing range where all firearms training as well as all tactical training is conducted for the Criminal Bureau. Additionally, various other law enforcement agencies utilize this facility for training.
